## DESIGNATED FUNDS

As our region's community foundation, The Chicago Community Trust works diligently to ensure a donor's intent is honored in perpetuity. The Trust's designated fund program supports specific nonprofit organizations, programs, and projects that have been determined by the donor. By establishing a designated fund, grants are made for the exclusive use of the selected organization. Following are organizations that have received grants from designated funds in 2023.

### FY2023 DESIGNATED GRANTS

## SEARLE SCHOLARS

The Searle Scholars Program was designed and created by the Searle family in 1980 to nurture creative talent in scientific research.

Since its inception, the program has been supported by the charitable lead trusts established under the wills of John G. and Francis C. Searle, which emphasize supporting research in medicine, chemistry and biological science.

The family selected The Chicago Community Trust as the organization to which it would make distributions from the Searle Family Trust to support the Searle Scholars Program. Approximately 15 percent of the funds come from the Searle Funds at The Chicago Community Trust.

The other 85 percent of the funds come from the annual grants recommended by Searle family representatives and approved by the trustees of the Searle family trusts. An awarded institution receives \$300,000 over three years in research support for the Searle Scholar. The program is administered by Kinship Foundation, the private operating foundation that manages the institutional philanthropy of the Searle family.

### FY2023 SEARLE SCHOLARS

Baylor College of Medicine	In support of research conducted by Dr. Joshua Riback, from the Searle Scholars Program.
Board of Trustees of Princeton University	Research conducted by Dr. John Brooks, from the Searle Scholars Program.
Fred Hutchinson Cancer Center	Research conducted by Dr. Daniel Blanco-Melo, from the Searle Scholars Program.
Gladstone Institutes	In support of research conducted by Dr. Vijay Ramani, from the Searle Scholars Program.
Indiana University	In support of research conducted by Dr. Brittany Needham, from the Searle Scholars Program.
Kinship Foundation	Annual operating grant from the Searle Funds at the Chicago Community Trust to provide continuous support of the Searle Scholars Program.

University of Washington	Research conducted by Dr. Philip Abitua, from the Searle Scholars Program.
Whitehead Institute	Research conducted by Dr. Sinisa Hvratin, from the Searle Scholars Program.

## SUPPORTING ORGANIZATIONS

Supporting organizations are affiliates that operate in conjunction with The Chicago Community Trust. Because of their association with the Trust, supporting organizations enjoy benefits such as favorable tax treatment, exclusion from restrictions normally placed on private foundations and the Trust's expert staff and resources. Though these affiliates work closely with the Trust, each retains its unique identity and is responsible for its own grant making decisions, investments and operations.
