Competitive funding requests follow a request for proposals (RFP) process.

Prospective grantee organizations submit grant applications in response to

RFPs outlining the purpose of the grant, the population to be served, and

the expected outcomes. Staff review the proposal package to determine the

merits of the application in order to make a recommendation. All

recommendations are then presented to the CEO for consideration and

approval. Recommended funding requests over \$250,000 are also presented to

the board for review, with the board providing final approval on those

above \$500,000. If approved by either the CEO or the board, the funding request is awarded. Upon award, the grant management office prepares the grant agreement that includes the purpose of the grant, the grant conditions and the grant payment schedule. The grantee organization must accept the grant by executing and returning the grant agreement to the Chicago Community Trust. Once received, payments are initiated by the grant management office based on the payment schedule and provided that all grant conditions are met. At the conclusion of the grant period the grantee submits a final report describing the use of the grant and the outcomes. Donor advised grant recommendations are submitted by the advisor of the fund to the trust. The grant management office then conducts due diligence on each recommendation which includes carefully vetting the grantee organization for 501(c)(3) status and other legal requirement. Once due diligence is completed, the recommended grants are validated and authorized for payment by the grant management office.

The Chicago Community Trust

Form 990, Part I, Line 1, Description of Organization Mission:

Provides grants and other resources to improve the community; addresses
community challenges; and promotes philanthropy by informing donors
about philanthropic opportunities.

Form 990, Part III, Line 4a, Part 1:

The Chicago Community Trust unites generous donors, committed
nonprofits, and caring residents to effect lasting change that moves
our entire region forward.

In 2022, the Trust continued its commitment to strengthening the
Chicago region by meeting residents' immediate needs, addressing the
root causes of deep-seated issues, and creating equity, opportunity,
and prosperity for all people who call it home.

Key accomplishments in fiscal year 2022

The Trust's staff and Executive Committee members spent fiscal 2022
continuing to execute our 10-year strategic priorities aimed at closing
the Chicago region's racial and ethnic wealth gap, addressing critical
needs, and connecting philanthropy to impact. This 10-year plan,
launched in 2019, aligns the Trust's discretionary grant making and
initiatives to overcome racial and ethnic wealth inequity.

By growing household wealth, catalyzing neighborhood investment,
building collective power, addressing critical needs, advocating for
policy change, and connecting philanthropy to impact, the Trust

Name of the organization The Chicago Community Trust	Employer identification number 36-2167000

believes it can realize a more prosperous future for the region.

In 2022, the Trust made 448 discretionary grants totaling more than \$63

million to advance its strategic priorities. That includes grants made

through funding collaboratives in which the Trust participates.

Following are some highlights of how the year's grant making embraced

the Trust's aim to be a changemaker, addressed equitable economic

recovery from the pandemic, and advanced its strategic priorities to

grow household wealth, catalyze neighborhood investment, build

collective power, address critical needs, and advocate for policy

change.

Growing Household Wealth

The Trust's Growing Household Wealth goals are to increase the share of

economic prosperity for Black and Latinx individuals and families by

increasing incomes, building assets, and reducing delinquent debt

through programmatic interventions and systemic policy change.

The Trust made 12 grants totaling \$1.1 million to organizations

providing housing counseling and case management services to

low-income- to middle-income Black and Latinx first-time homebuyers.

The Fund for Equitable Business Growth, a funding collaborative that

includes the Trust, made grants totaling more than \$3.1 million to

Business Support Organizations. Grant recipients are engaged in

partnerships that improve and expand access to capital, specialized

business consultation services, and other supports for Black and Latinx

entrepreneurs in the Chicago region. The Trust also made a \$300,000

grant in support of deploying the GoLogics Platform among a subset of Business Service Organizations in service of small business development data.

Together with Kinship Foundation, through the Searle Funds at The Chicago Community Trust, the Trust provided grants totaling nearly \$5 million through Bridges to Brighter Futures, which helps create equitable access to good jobs and continued career development. These grants are helping Black, Latinx, and low-income Chicagoans who have earned a high school diploma or GED take the next step in their career development. Included in the Bridges funding were grants totaling \$900,000 to identify promising practices in what's known as "middle skills" career pathway development, such as education and workforce programs that help workers earn certifications that will increase their wages. Bridges to Brighter Futures also made a \$350,000 grant to One Million Degrees in support of placing community college students on an accelerated career path to economic mobility by connecting scholars to the private sector and corporations that, in turn, connect scholars to career pathways and professional networks that provide access to a more inclusive economy.

The Trust provided \$1.7 million to support organizations working in coalition to advance equitable policies that promote wealth building.

Catalyzing Neighborhood Investment

The Trust's Catalyzing Neighborhood Investment strategy creates the enabling environment for communities to attract, retain, and own capital investment. The strategy has three interrelated areas of work:

Name of the organization The Chicago Community Trust	Employer identification number 36-2167000
---	--

strengthening the neighborhood investment ecosystem, planning and development processes, and finance and policy solutions. Grants from the strategy typically have elements of at least two of these areas.

That includes grants made through the Pre-Development Fund, a first-of-its-kind program that provides Black and Latinx developers with make-or-break funding during predevelopment--a phase of activities banks don't finance but are necessary for new development.

Well-established developers typically pay for predevelopment activities out of pocket. The Trust's Pre-Development Fund covered the early-stage costs for 22 projects in 2022.

The Neighborhood Developers Initiative is a collaborative effort of Community Desk Chicago to scale the internal capacity of neighborhood nonprofits interested in taking a more active role in the physical development of their communities. In 2022, Community Desk supported three nonprofits, Puerto Rican Cultural Center, South Shore Chamber of Commerce, and Teamwork Englewood, to offset costs for these organizations to participate in the Neighborhood Development Initiative.

In 2022, the Trust began to pilot shared ownership of commercial real estate development. Grants included \$100,000 each to TREND Community Development Corporation in support of Chicago TREND to broaden its Chicago portfolio of real estate ventures structured as Community Investment Vehicles and Emerald South Economic Development Collaborative in support of Vacancy to Vibrancy: Community Investment Vehicle.

As part of the Catalyzing Neighborhood Investment strategy to revitalize under-invested Black and Latinx communities, the Trust is partnering with Kinship Foundation and the Searle Funds on a multi-year initiative to create a resilient local food economy in the Chicago region. In 2022, the Food:Land:Opportunity initiative made more than \$2.2 million in grants to provide innovative ways to grow and distribute fresh produce and healthy food while conserving land.

Building Collective Power

The Trust's Building Collective Power goals are to strengthen networks, amplify community voice, and build local coalitions that support neighborhood vitality and action.

The Trust awarded more than \$5 million in grants to efforts that are building the power of People in under-resourced and under-invested communities. The People initiatives foster "communities of practice" in which individuals and organizations doing similar work--for example, with youth in the arts--regularly gather to exchange strategies, support one another, and identify collective efforts. "People" grants included more than \$4.4 million to support community organizers through the Changemakers Network and \$1.38 million for leadership development programs for underserved communities and populations.

The "Voice" strand of the Trust Building Collective Power strategy supports journalism and media as a foundation for promoting civic engagement and democracy. In 2022, the Trust made nearly \$1.7 million in grants to support citywide and hyperlocal media operations. That

includes \$300,000 to Field Foundation of Illinois to support Field's media and storytelling platform to invest in organizations that focus on telling stories from BIPOC neighborhoods in Chicago.

Advocating for Policy Change

The Trust's Advocating for Policy Change strategy supports organizations that bolster the policy ecosystem, and advance policy and systems change. In 2022, that included \$75,000 to Change Illinois in support of efforts to educate residents in Chicago about redistricting/redistricting reform and ensure proper implementation of the law ending prison gerrymandering, \$150,000 to the University of Chicago Urban Labs in support of research and evaluation of the Chicago Resilient Communities Pilot, a \$31.5M monthly cash assistance program within the Chicago Recovery Plan, and \$200,000 to Civic Consulting Alliance in support efforts to strengthen the city and county's internal capacity to use federal recovery funds for an equitable and inclusive recovery.

Addressing Critical Needs

Addressing Critical Needs grants address the emergent needs of the residents most in need of support in the region through targeted investment in quality service delivery, systems, and policy innovation, and timely partnerships for civic action. That includes a \$200,000 grant to All Chicago to support the expedited housing project in advancing policy reforms and systems innovation to address housing insecurity and homelessness in the Chicago region and \$200,000 to United Way of Metropolitan Chicago in support of 2-1-1, a coordinated system across the City and County connecting residents in need to

essential community services.

Form 990, Part III, Line 4a, Part 1 (continued):

The Trust made Addressing Critical Needs grants from the Unity Fund to

29 organizations providing essential services to residents in the

Chicago region and renewal grants to 23 organizations through the

Systems & Policy RFP released in 2021.

Additional Grants

The Trust made nearly \$1 million in grants to support critical

research. That includes \$700,000 to the Financial Health Network to

design and implement a local version of the FHN national survey.

We Rise Together: For an Equitable & Just Recovery is a coalition of

public and private funders and communities accelerating equity in the

Chicago region's economic recovery so everyone who lives here can reach

their full potential. These partners share one common goal:

accelerating equitable economic recovery for Black and Latinx

communities by pooling and distributing philanthropic resources,

re-envisioning business practices, and reforming policies to ensure our

region invests more equitably. In 2022, We Rise Together invested \$34

million in community-driven real estate projects, workforce

development, and Black and Latinx-owned businesses and supported 32

resident-driven real estate projects valued at \$328 Million to create

an estimated 3,200 new jobs.
